Relax Leisure

Own a Boat for Only a Part of Its Price

If you are a true sailing enthusiast and you wish to own boat for only a part of its price, this program is an ideal solution for you. At the beginning of the program you make a **down payment, which is 55% of the initial boat value for new boats and 60% for pre-owned boats**. After that no more financing is needed. With this program you have no costs and no incomes and you get to sail your boat up to 10 weeks a year: two weeks in the high season, two in the off-season and four weeks in last minute. You can exchange two weeks in the high season for four weeks in the off-season. There is also an opportunity to “exchange” up to two high-season Owner’s weeks to sail anywhere in the world on the yachts of the same category available through our agency’s portfolio.

Benefits of the Program

- **Zero costs:** you pay only the down payment value while we take care of the maintenance, berthing, insurance and leasing costs
- Worry-free: no time or effort spent on operations and maintenance
- One-time investment: only the down payment
- **High-quality maintenance** and operations done by professional and experienced staff ensure the top condition of the boat
- You get to sail your boat for **up to 10 weeks every year**

After the end of the Program you will get your boat: you can choose to use the boat privately, to sell the boat or to prolong the program with us and maximize the income from boat bookings.
